SMB	Small Awning Bag	1	<input type="checkbox"/>

**SEC 1.1** **SMALL AWNING INSTALLATION INSTRUCTIONS**

1.1 Open the Trailer and unfold the Tent as shown.

**SEC 1.2**

1.2 Lay out the **Small Awning (SMA)** upside down and on top of the Tent.

**SEC 1.3**

1.3 Unfold the Shock Pole (SMP) and insert through the 3 sleeves of the Small Awning.

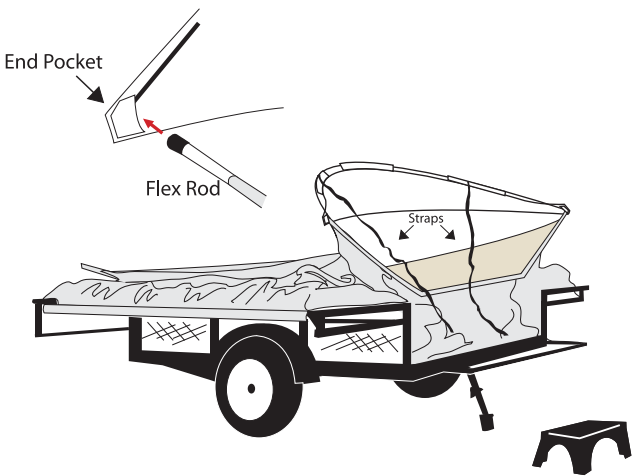

**SEC 1.4**

1.4 Place the ends of the Shock Pole into the 2 End Pockets.

**SEC 1.5**

1.5 Insert the ends of each Flex Rod into the End Pockets of the Small Awning. Allow Straps to hang over front of Tent.

**SEC 1.6**

1.6 Set Tent up with one foot on tailgate and the other on the step stool. Grasp the Tent by the Flex Rods near the center and slowly trace a square:

## MODEL 65022: SMALL AWNING

**SEC**  
1.6

CONTINUED  
While standing on tailgate:

E- Lift up.

F- Pull the Frame Upright toward body to lock in place.

**SEC**  
1.7

Use Straps to flip Small Awning forward into position over front of tent.

**SEC**  
1.8

Attach straps to outer corners of the Trailer Wings. Using the adjustable buckles tighten straps snug but not over tight.

**!** Note: Strong wind gusts may cause damage to Small Awning. Discontinue use in extreme wind conditions.
